CLASS POEM

*The time has come for us to part,
Though there is a longing within our hearts.
We can not linger here nor stay;
Each must go his own way.*

*So it is with life from morn till eve,
When the end shall come and we shall leave.
Some gentle deed, some act so kind
That will linger long to bless mankind.*

*Oh John Graham High, Dear John Graham High,
Loyal we'll ever be.
We lift our hearts and voices
In tribute and love to thee.*

*We sing not of her beauty,
But the record far and wide
Of her nobles, sons and daughters,
With just and honor pride.*

*Her doctors, lawyers, teachers,
Her governors, statesmen too,
And the brave deeds her soldiers did
Are decked with colors blue.*

*It isn't the big things that count so much,
It's the kindly deed, the human touch.
The ones that have helped when we needed a lift,
The things that we wanted they gave as a gift.*

*If you are weary and tired and sad
Do something for others and make them glad.
Stick through your job through thick and thin,
Turn all around and begin again.*

*The world wasn't made in just one day,
There's lots we can do on the rugged way.
So let's face the future with hope and cheer,
And a thought of the goal toward which we shall steer.*

*Now we look behind at what we've done,
The battles fought, the victories won.
We rejoice at last that we've done our best,
Now our talents will be put to the test.*

CLASS HISTORY

It all began one early fall morning in 1948 as the halls of old John Graham echoed with the voices of students ready to begin a new year—some students ready to begin what seemed to be a new life.

High School! We forty-two freshmen thought there was nothing like it. Our homeroom teachers, Mrs. Martindale and Miss Allen, were among the many teachers who tried to guide us in the right way, who tried to keep us quiet, and who endured teaching classes in which there were for a week, freshman girls who looked and acted as if they had come to class from another planet without considering earth's present styles of dressing. (They were girls being initiated into the F.H.A. Club.)

We really had an outstanding freshman class which included two members of the Seer staff, a cheerleader, and participants in many club and in all sports. Speaking of sports, we girls in Mrs. Martindale's physical education class formed what we thought was an unconquerable basketball team. We played such teams as the John Graham varsity and the Macon girls. Results—?

Mrs. Stewart and Miss Mariam Boyd were probably thankful that they were our sophomore homeroom teachers since this was the year we developed from freshmen into more dignified juniors. During this reasonably quiet year, there were several boys who were initiated into the F.F.A. Club, but the initiation was kept secret by the noble order of the F.F.A. Club and thus cannot be recorded. We sophomores were well represented in the Beta Club as seven of the class were inducted into this club.

Our exciting junior year began with the consolidation of the Macon and Warrenton High Schools, thus increasing the number of juniors to fifty-one. Miss Keaton and Mr. Ward worked with us as we tried many money making schemes in order to raise enough money for the Junior-Senior banquet and dance. The theme of this exciting festivity was "Spanish Fiesta" and was successfully carried out. During this same year the school formed a student council, the president of which was elected from our class.

The wearing of class rings, the choosing of our invitations, the senior play, "We Shook the Family Tree," the trip to Washington—all have made us very dignified seniors of the '52 class.

Soon we shall be the first to wear the new blue graduation gowns. Soon—very soon—we shall graduate as seniors from a school of knowledge to become freshmen in the school of life. What happens then? Only time will tell, but among our memories will always be the dear old days at John Graham High.

Historian

PROPHECY

I wonder what the Seniors of 1952 will be doing ten years from now? As I sit here, it all seems to come clear to me. The night is Saturday night, the date is January 25, 1962, and the place is Skateland, Henderson, N. C. The seniors are all having a big reunion and a skating party just like the ones we had in our senior year at John Graham. It doesn't seem possible but all the seniors are here, and they are all skating. All of them seem to be skating very well, at least most of them. I have asked what every one has been doing these past years.

John Rodgers Fleming is doing stenography work at the capitol in Raleigh, N. C.

Margaret Cheek is still married and keeping house for Forrest.

Clinton Capps has trucks hauling pulp wood from nearly every county in the state.

Ruth Turner is married and living in Warrenton. She teaches Spanish and Latin at John Graham.

Finley Read is married and living in Warrenton. He coaches football at John Graham.

Floyd Dillard has a large dairy at Inez.

Mattie Hunter designs ladies dresses for Macy's Department Store in New York.

Alan Fisher croons at the Stork Club in New York. You should drop by and hear him sometime.

Milton McCoy is scouting for the Boston Red Socks.

Bessie Neal still keeps house and lives in Warrenton.

Marvin Overby just got home for a rest after his plane was shot down on a Far East mission.

Roger Williams owns what used to be Neal's Service Station. He has enlarged it and now has a garage in the back.

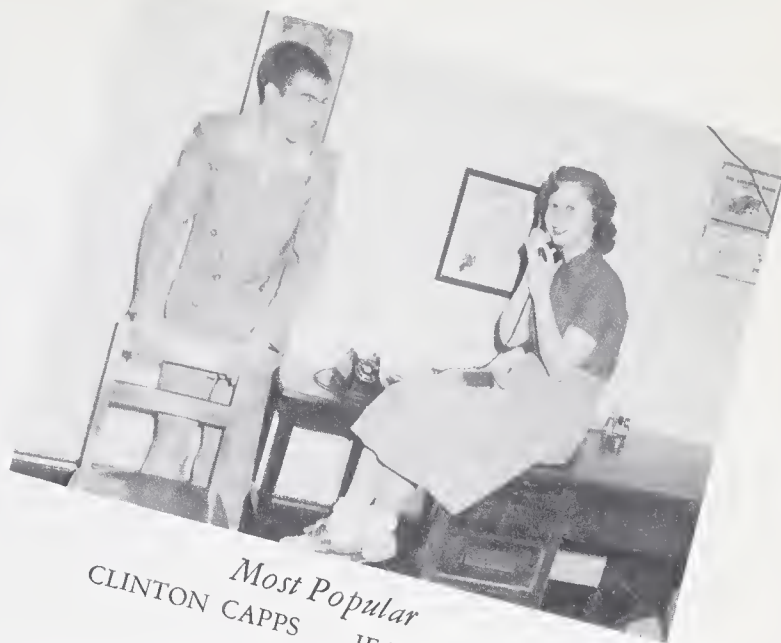

Mary Fleming finally got married and now lives in Inez where her husband farms.
 Bryant Bottoms is editor of the NEW YORK TIMES.
 Carl Davis has worked his way up to manager of the A. & P. Store in Warrenton.
 Jean Wright sings at a night club in New York. Sometimes she sings with Alan Fisher.
 Kathleen Overby is the present Home Demonstration Agent for Warren County.
 Billy Davis is head Construction Engineer of the new dam being built 50 miles below Buggs Island.
 Edith and Ethel Faucett are co-managers of the 5-10-25c store in Warrenton.
 M. C. Clary has his own hill-billy show on television. Those who remember Hank Snow say M. C. has him topped.
 Nita Neal is coaching basketball at Warrenton. For the last four seasons her teams have been undefeated.
 Ruby James is a stenographer at the Professional Building in Raleigh.
 Joyce Wilson teaches English at John Graham.
 Justine Neal has her own grocery store and self-service market just outside Warrenton.
 Pat Pinnell has a well-known garage in Henderson. People come from all over the county to have their cars fixed there.
 Faye Dillard is still living at her home where she keeps house.
 Margaret Gupton is married and has moved to Henderson.
 Page Bowen owns just about all of the tobacco land in Warren County and has a contract to supply Liggett and Myer's Tobacco Co.
 Margaret Skillman is married and lives in Kentucky with her husband who works for a tobacco company there.
 Margaret Overby, who played such fine ball in high school, is now one of the nation's favorites.
 Gene Hudgins recently bought Serl's Service Station.
 Virgie Harris decided to make her career in Hollywood.
 Edward Davis and Karen Copley are both well-known artists.
 Mae King is married and spends most of her time in Warrenton.
 Gladys James owns her own beauty parlor in Warrenton.
 Samuel King and Edith Carrol decided to make their careers in Hollywood also. They are fast coming favorites in the movie world.
 Jane Short has been in Washington with her husband who is a Congressman.
 Charles Harris runs his own filling station down in Macon, N. C.
 Lucy and Margaret Falkner still live at home and do the daily chores.
 Buddy Gibbs coaches football at Duke University.
 Johnny Greene joined the Navy when school finished. He is now an admiral.
 Bobby Barlow has pool rooms in Warrenton, Henderson, and Louisburg.
 Well, folks, that takes care of everyone. As for me, I am still running the skating rink in Henderson.
